COMMUNICATION

COLLABORATION

CAPACITY BUILDING

The Institute for Human Services, Inc. (IHS) is a nonprofit advocate serving the Southern Tier. Our goal is to support our member organizations through:

Capacity building, governance, and operations support
Strategic collaboration & communication between member and nonmember organizations
Professional development and conferences aimed at organizational sustainability
Coordination of programs, services, and management support that enhance the capacity for our members

Save Money

Leveraging the purchasing power of thousands of nonprofits through our partnership with NYCON, IHS membership provides access to employee benefits, software, and many other critical needs for your organization at low cost.

Insurance & Benefits

Business support services, employee benefits, & organizational insurance; as an IHS member, you receive access to "members only" pricing through Council Services Plus, a trusted provider for nonprofit organizations!

The Provider Network

The Provider Network is a multi-platform approach to connecting and educating nonprofit professionals. The Provider delivers the most up to date information on nonprofit news, jobs, events, and professional development opportunities.

Tools & Resources

Our goal is to provide members with the tools and resources they need to be successful. In addition to developing in-house materials for our members, IHS created a Resource Database to support the work of nonprofits.

Low-Cost Training

IHS reacts to the needs of our members by providing local, low-cost, and relevant professional development opportunities. IHS Educational services, in combination with NYCON educational opportunities, provides a comprehensive approach to education.

Better Together

We believe that collaboration is essential to success for nonprofits. Our focus is on creating an environment that continues to develop the Southern Tier nonprofit sector. Your membership helps perpetuate the ideals of collaborative strength!
